"Security and Service"

A COMPLETE INSURANCE OFFICE

Perhaps you think of us as writing "fire insurance" or "automobile insurance".

Wrong.

We do not "sell" one line and overlook others. Our duty to you is to study *your* hazards. Your pocket book may be threatened by fire, or accident, or burglary, or business interruption—or any of a hundred hazards, or your expenses may be too high, due to improper method in handling your insurance.

Some impression of the kinds of insurance we handle may be gathered from the following list, which includes but a part of them:—

Accident	Furs	Profits
Automobile (all lines)	Group	Property Damage
Burglary	Health	Rents
Boiler	Hold Up	Riot
Combination Residence	Jewelry	Sprinkler Leakage
Earthquake	Life	Surety Bonds
Explosion	Leasehold	Transportation
Fidelity Bonds	Liability	Use and Occupancy
Floaters (covering anything anywhere)	Marine	Water Damage
Fly Wheel	Parcel Post	Windstorm
	Personal Effects	Workmen's Compensation
	Plate Glass

**Consult Him as You Would
Your Doctor or Lawyer**

To apply properly the protective armor of insurance now worn by all prudent men has become a highly specialized and technical job.

You cannot make for yourself a detailed study of forms and methods, but it is vitally important to you that you have the right protection, properly written, in dependable companies.

Turn your insurance matters over to us. We have made insurance our life work. We deliver not merely policies but peace of mind—contentment.

"All the Comforts of Home"

Everything to Make a Beautiful and Livable Home is to be Found in Our Stocks

The fact that your home will only be furnished once, or maybe twice during your entire life is reason enough why you should exercise great care in your selection of furniture. And the secret of furnishing it satisfactorily, so that you will not grow tired of it, but so it will be an everlasting joy to you, is not in the amount you spend, but the judgment in choosing the furniture you place in it.

Our home furnishing experts will gladly offer you their advice on how to furnish your home in good taste, and at low expenditure, not urging you to buy unless you wish to do so, but suggesting only those things which will harmonize correctly.

Our complete outfits for young couples offer unusual values and whether you wish to furnish your home now or later, the time for you to purchase is now. We will gladly hold the furniture for you until such time as you wish to use it.

SPRINGFIELD STREET GUIDE

AND DIRECTORY OF HOUSEHOLDERS

EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house office or store at that number was vacant when canvass was made.

* Denotes parties having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right odd)" Odd numbers on right hand side of street.
